CAREER OBJECTIVE

A passionate and results-driven Full Stack Developer with strong expertise in the MERN stack (MongoDB, Express.js, React.js, Node.js), Next.js, and modern frontend technologies. Seeking a challenging role where I can develop and deploy high-performance, scalable web applications, optimize user experiences, solve complex real-world problems, and contribute effectively in a collaborative, agile team environment while continuously learning emerging technologies.

TECHNICAL & SOFT SKILLS

Expertise: React.js, Next.js, Node.js, Express.js, MongoDB, JavaScript (ES6+), Tailwind CSS

Comfortable: HTML5, CSS3, RESTful APIs, Responsive, Git & GitHub

Familiar: JWT Authentication, Postman, Vercel/Netlify deployment

Tools: VS Code, Git & GitHub, NPM, Postman, MongoDB Compass, Vercel, Netlify, Figma (basic)

Soft Skills: Problem-Solving, Attention to Detail, Time Management, Team Collaboration, Eager to Learn

PROJECTS

GreenNest - (December, 2025 - December, 2025)

[Live](#) / [Github](#)

GreenNest is a full-stack, single-page application (SPA) that allows users to browse and purchase beautiful indoor plants, read plant care tips, and schedule consultations with experts. Faced challenges with React Rating, Dashboard Design, and Instant search results.

- **User-Friendly Interface:** Designed with a sleek and user-friendly interface, the app ensures a seamless browsing and purchase of beautiful indoor plants.
- **Filtering:** The app features filters for category, price, and tree condition (new/old), along with a search option for easy and personalized exploration of trees.
- **Dashboard:** The app has three roles: Admin, Tree Expert, and User, each with unique features.

eDex - (November, 2025 - November, 2025)

[Live](#) / [Github](#)

eDex Course Management Platform is a modern full-stack web application designed to provide a smooth and intuitive experience for browsing, managing, and creating course-based products. Faced challenges with Swiper.js, Category-based courses rendering, and Course page details design.

- **User-Friendly Interface:** Designed with a sleek and user-friendly interface, the app ensures a seamless browsing and purchasing of any course.
- **Filtering:** The app features filters for category, price, and tree condition (new/old), along with a search option for easy and personalized courses.
- **Dashboard:** The app has three roles: Admin, Instructor, and Student, each with unique features.
